Off-camp IDPs wait for their turn for medical checkup at BHU Jalozai run by Islamic Relief

In the wake of fleeing from the conflict-torn Khyber Agency, Islamic Relief Pakistan started implementation of Humanitarian Assistance for Internally Displaced Persons at Jalozai, district Nowshera. The project aims to assist 4000 off-camp IDP families under health & hygiene promotion along with sanitation facilities.

- **Project focuses on Primary Health Care (PHC including mother & child health care)**
- **Psycho-social Support (psycho-social counseling and referral where needed)**
- **WASH (health & hygiene promotion, latrines for patients and other services where needed)**

According to an assessment, Internally Displaced Persons (IDPs) are fleeing into Peshawar and surrounding areas. A large number of IDPs took refuge at Jalozai camp and the remainder has opted to move in with relatives, for an array of reasons linked to tradition, culture and perceptions of available services.

An internally displaced woman gets free medicines from Islamic Relief at BHU Jalozai, Nowshera

To address the needs of these off-camp IDPs, Islamic Relief is carrying out management of health and WASH activities with a strong focus on mother and child health.

### Average daily report of BHU Jalozai

Daily OPD	100 - 110 Consultations
Age / Gender Composition	52 Per cent Women
	39 Per cent Children
	9 Per cent Men
Common ailments	Respiratory Infections
	Diarrrhea, Scabies

Islamic Relief is contributing in the provision of health & WASH activities for the off-camp IDPs at Nowshera

In the near future, Islamic Relief aims to provide food assistance, as well as livelihood support to these IDPs in order to restore their lives.

Besides provision of Humanitarian Assistance for Internally Displaced Persons, Islamic Relief in collaboration with FATA Disaster Management Authority (FDMA) conducted a rapid need assessment and is working on a plan for the recovery of basic services i.e. health, livelihood, water and sanitation in the Safi sub division of Mohmand Agency.

## Proposed Plan for Future Interventions

Humanitarian Assistance		Early Recovery	
Khyber Agency	For 4000 Families	Mohmand Agency	For 4000 Families
Health		Livelihood	
WASH		WASH	
Food Security		Health
